CARING FOR YOUR WATCH

All Nkiru watches are made of the most advanced criteria and materials. Never pull the crown under water. This watch is water-resistant only. Once a year, check your watch, above all, the permeability. All Nkiru watches are made with the best materials such as gold, platinum and diamonds. When not wearing the watch, it should be stored in the watch box.

Cleaning: (Do not use water.) To clean the diamonds, use alcohol on a tissue and wipe the diamonds. Do the same for the crystal. To clean the gold or platinum, use cleaning cloth.

P: (212) 764-7173

INTERNATIONAL WARRANTY

The international warranty certificate guarantees the watch for 2 years from the date of purchase; and covers any manufacturing defects within the limit of normal use. The warranty must bear the name of the company and the address of the authorized dealer, dealer purchase date, the reference and model identification number.

The warranty excludes the following:

- Faults caused by improper technical repairs or improper use (impacts, falls, etc.), as well as, factors due to normal aging or wear of the movement.

Serial No. _____ Date: _____
